Bio

Originally from El Paso, Texas and partly raised in Calgary, Canada - Yvette de Oro lives in Dallas, Texas with her husband and black Lab named BB.

Always a library gal - libraries and romance writers had a hand in raising her, and that's why she's so awesome now. :)

A degree in Public Relations led her to work in print/digital ad sales for well-known magazine brands for many years. She can't wait to debut soon with the recent acceptance of 'The Changeup' into Violet Gaze Press' upcoming Friends to Lovers Anthology!

Yvette likes to write about gals that look and/or talk like her, her family, or her friends - fun, sexy, kind, sassy, and sometimes moody gals from Texas.
